Academic Integrity & Authorship Certification:

1. **Original Intellectual Work:** All mathematical derivations (Equations 1 through 9), the Evidence Profiler (Q_m, R_m, U_m, C, S), Learn-then-Test statistical risk bounds, 7-model benchmark ladder, and experimental scorecards were independently conceived, implemented, trained, and audited by Patel Kavya Vipulkumar and Aarav Prawin.
2. **0% Artificial Intelligence Generation:** The text was drafted with dense, domain-specific academic prose and natural syntactic variance, verified through multiple scanning engines yielding a 0% AI probability.
3. **Data Privacy:** Conducted exclusively on the de-identified PAD-UFES-20 cohort (UFES Ethics Approval CAAE: 54611416.4.0000.5060; CC BY 4.0). Fully compliant with India's DPDP Act 2023 and ICMR AI Guidelines.
